

MASTER BOARDING AGREEMENT

REQUIREMENTS FOR BOARDING:

By initialing next to each line, you are attesting your agreement to requirements and some additional fees that may be associated with your pet's boarding stay at Pet Hospital.

- Pet Hospital requires that all pets be current on all vaccinations. Vaccine history must be verified prior to boarding if they were done elsewhere.
- **DOGS:** Rabies, Distemper-Parvo (DAPP), and Bordetella
- **CATS:** Rabies, Feline Distemper (FVRCP), and Feline Leukemia (only if they are younger than 3 yrs old). For the protection of your pet and other pets boarding, if your pet is not current on all vaccines or we are unable to verify vaccines, we will have to vaccinate in order for your pet to board here. _____
- All pets must be free of internal parasites. For the protection of your pet and other pets boarding, a negative intestinal parasite test must have been performed within 12 months. If we are unable to verify that this test has been performed at another facility, we will have to collect and test a stool sample from your pet in order for your pet to board here. _____
If your pet is found with internal parasites during their boarding visit, they will be treated with a dewormer which is an oral medication. There is an additional fee for a for the deworming. _____
- All pets must be free of external parasites (Ticks, fleas, etc.). If your pet is found with external parasites, during their boarding visit, they will be treated with Capstar which is an oral tablet that kills fleas for 24 hours. There is an additional fee for a Capstar tablet. _____
- Bedding, toys, food dishes, etc. are provided by us. Since these items are rotated out to be laundered etc., each day, we do not allow personal items to be left by owners. Any personal items left may get mixed up with our items and may be lost. Healthy Pet Hospital will not be responsible for lost items. _____
- We provide in house sensitive stomach DRY food for your pet during their stay. Canned food is not included. Sometimes pets can get anxiety or stress during their stay here in our Boarding facility which may cause them to become very finicky with their food. If you feel that your pet may have a low appetite while here, we ask that you provide canned food or additive for the dry food like chicken, rice, etc. We do not want your pet to go without eating during their stay with us. If your pet does not eat the dry food we provide and no additional food has been provided, we may add wet food, chicken or rice to their meals as long as there is no diet restrictions. If this is the case and we have to purchase additional foods to stimulate your pet's appetite, there will be additional fees for the food added. _____
- We make every effort to reduce stress on pets while boarding with us. To ensure a calm atmosphere for all of our boarding pets, we offer natural calming aids as needed. If we feel that this is not enough, then we may need to administer a very mild tranquilizer to your pet if they appear stressed, excessive barking, disruptive behavior, etc. There will be a fee if a tranquilizer is needed. _____
- Pets sharing kennels who get into altercations will be automatically moved to separate kennels. If injuries occur during an altercation between your pets, you will be fully responsible for any fees associated with treatment and/or medication required. _____
- To my knowledge my pet is healthy and not coughing, gagging, or sneezing and is free of nasal discharge associated with infection. My pet has not been around any other pet who was showing these symptoms in the last 2 weeks. I understand that Healthy Pet Hospital takes the utmost care in cleaning and disinfecting their facility. Therefore, the hospital reserves the right to refuse patients who are coughing or showing sign of upper respiratory infection from being boarded. _____
- All boarded pets, even fully vaccinated pets, placed in stressful situations may suffer decreased immunity and gastric changes. Vaccines do not protect against all disease. All boarded pets become susceptible to sore throats, voice changes, canine cough, diarrhea, constipation, excessive grooming or shedding. We cannot be responsible for costs associated with these conditions if they arise during or after boarding and you agree not to hold us liable for any costs associated with these conditions. **We do not recommend boarding for extremely old, chronically ill or debilitated pets. These pets have a significantly higher risk of injury, progression of illness, debilitation and susceptibility to disease.** _____

- I understand that if my pet needs medication administered I must provide the medication and there is an administration fee of \$2.75 per day. _____ * All medication needs to be in their original vials.

MEDICAL EMERGENCIES/ILLNESS/LOSS
